

Home | Products | Mobile Vacuum | [Wet Separator](#)

# NA 7-11

## Technical Data

Drive Type	Single Phase AC	
Power	1.1	kw
Sound as per DIN	60	db (A)
<b>Dimensions in mm (width   length   height )</b>		
480	705	755
Features	Mobile wet separator and industry standard for all 3 D laser vacuum cleaning applications.	
<b>Performance</b>		
Vacuum	165	mbar
Airvolume	130	cbm/h
ATEX Zone	Atex Zone 22 II 3 D	
Suitable for explosive suction media	For explosive and reactive suction media having a minimum ignition energy of 1 MJ and less. For glowing material and suction media mixed with sparks.	
Allowed Operation Time	Operate 2 hours at a time	
Dust bin size	7	l
Effective collection capacity	5	l
<b>Main Filter</b>		
Type	Cartridge	
Class	H	
Size	3 x 0.1	m <sup>2</sup>
Manometer	Included
